

GoGo squeeZ Football

Transform your GoGo squeeZ packages into game play!

Skill Level:

Time:

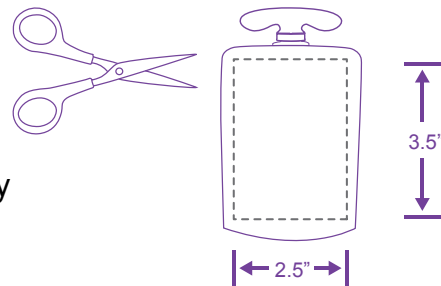

Materials

GoGo squeeZ pouch
ruler
scissors
GoGo squeeZ caps and box
(optional)
permanent markers (optional)

Instructions

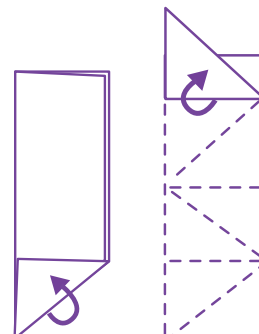

- 1 Open up the GoGo squeeZ pouch and clean the inside with soap and water. Then, carefully cut the pouch apart so you have a rectangle that measures 2.5" x 3.5".

- 2 Fold the rectangle in half lengthwise with the printed side facing out.

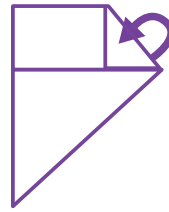

- 3 Then, starting at the bottom end, fold the corner up into a triangle. Continue to fold up creating triangles until you reach the top.

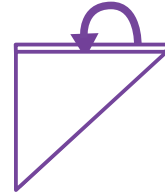

4

Undo the last fold and fold the top corner down creating a point with the last triangle.

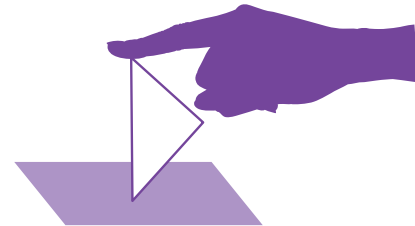

5

Tuck the last fold into the open end of the triangle and you've created your football.

6

To put your football in action, place one point of the long edge of the triangle on a flat surface, and keep upright with your index finger. With your other hand flick the ball towards the goalpost.

7

Optional: To create a football field, decorate GoGo squeeZ caps as yard line markers. To create a goalpost, cut and decorate a GoGo squeeZ food box.

If you have completed this project and still have more food pouches to upcycle, be sure to sign up for the TerraCycle Brigades at www.terracycle.ca and send them in. These items will be transformed into new products, and better yet, your collection will earn money for your favourite charity!
